Non-GAAP Financial Measures and Other Metrics:

To supplement our consolidated financial statements presented in accordance with GAAP, this press release contains non-GAAP financial measures, including Adjusted Operating Income, Adjusted Operating Income, Adjusted Net Income, Adjusted Net Income Per Share, and Unlevered Free Cash Flow. We believe these non-GAAP measures are useful to investors in evaluating our operating performance because they eliminate certain items that affect period-over-period comparability and provide consistency with past financial performance and additional information about our underlying results and trends by excluding certain items that may not be indicative of our business, results of operations, or outlook.

Non-GAAP financial measures are not meant to be considered in isolation or as a substitute for the comparable GAAP measures, but rather as supplemental information to our business results. This information should be read only in conjunction with our consolidated financial statements prepared in accordance with GAAP. There are limitations to these non-GAAP financial measures because they are not prepared in accordance with GAAP and may not be comparable to similarly titled measures of other companies due to potential differences in methods of calculation and items or events being adjusted. In addition, other companies may use different measures to evaluate their performance, all of which could reduce the usefulness of our non-GAAP financial measures as tools for comparison. A reconciliation is provided at the end of this press release for each historical non-GAAP financial measure to the most directly comparable financial measure stated in accordance with GAAP. We do not provide a quantitative reconciliation of the forward-looking non-GAAP financial measures included in this press release to the most directly comparable GAAP measures due to the high variability and difficulty to predict certain items excluded from these non-GAAP financial measures; in particular, the effects of stock-based compensation expense, taxes and amounts under the exchange tax receivable agreement, deferred tax assets and deferred tax liabilities, and restructuring and transaction expenses. We expect the variability of these excluded items may have a significant, and potentially unpredictable, impact on our future GAAP financial results.

We define Adjusted Operating Income as income from operations plus (i) impact of fair value adjustments to acquired unearned revenue, (ii) amortization of acquired technology and other acquired intangibles, (iii) equity-based compensation expense, (iv) restructuring and transaction-related expenses, and (v) integration costs and acquisition-related compensation. We define Adjusted Operating Income Margin as Adjusted Operating Income divided by the sum of revenue and the impact of fair value adjustments to acquired unearned revenue.

We define Adjusted Net Income as Adjusted Operating Income less (i) interest expense, net (ii) other (income) expense, net, excluding TRA liability remeasurement expense (benefit) and (iii) income tax expense (benefit) including incremental tax effects of adjustments to arrive at Adjusted Operating Income and current tax benefits related to the TRA. We define Adjusted Net Income Per Share as Adjusted Net Income divided by diluted weighted average shares outstanding.

We define Unlevered Free Cash Flow as net cash provided from operating activities less (i) purchases of property and equipment and other assets, plus (ii) cash interest expense, (iii) cash payments related to restructuring and transaction-related expenses, and (iv) cash payments related to integration costs and acquisition-related compensation. Unlevered Free Cash Flow does not represent residual cash flow available for discretionary expenditures since, among other things, we have mandatory debt service requirements.

Cautionary Statement Regarding Forward-Looking Information

This press release contains "forward-looking statements" within the meaning of the Private Securities Litigation Reform Act of 1995. Actual results may differ materially from those expressed or implied by these statements. You can generally identify our forward-looking statements by the words "anticipate," "believe," "can," "continue," "could," "estimate," "expect," "forecast," "goal," "intend," "may," "might," "objective," "outlook," "plan," "potential," "predict," "projection," "seek," "should," "target," "trend," "will," "would" or the negative version of these words or other comparable words. Any statements in this press release regarding future revenue, earnings, margins, financial performance, cash flow, liquidity or results of operations (including, but not limited to, the guidance provided under "Business Outlook"), and any other statements that are not historical facts are forward-

looking statements. We have based our forward-looking statements on our management's beliefs and assumptions based on information available to our management at the time the statements are made. We caution you that assumptions, beliefs, expectations, intentions and projections about future events may and often do vary materially from actual results. Therefore, actual results could differ materially from those expressed or implied by our forward-looking statements.

Factors that could cause actual results to differ from those expressed or implied by our forward-looking statements include, among other things: future economic, competitive, and regulatory conditions, the COVID-19 pandemic, the successful integration of acquired businesses, and future decisions made by us and our competitors. All of these factors are difficult or impossible to predict accurately and many of them are beyond our control. For a further list and description of these and other important risks and uncertainties that may affect our future operations, see Part I, Item 1A - Risk Factors in our most recent Annual Report on Form 10-K filed with the Securities and Exchange Commission, which we may update in Part II, Item 1A - Risk Factors in Quarterly Reports on Form 10-Q we have filed or will file hereafter. Our forward-looking statements do not reflect the potential impact of any future acquisitions, mergers, dispositions, joint ventures, investments, or other strategic transactions we may make. Each forward-looking statement contained in this presentation speaks only as of the date of this presentation, and we undertake no obligation to update or revise any forward-looking statements whether as a result of new information, future developments or otherwise, except as required by law.

^{1.} Diluted earnings per share is computed by giving effect to all potential weighted average Class A common stock, Class C common stock, and any securities that are convertible into Class A common stock, including options and restricted stock units. The dilutive effect of outstanding awards and convertible securities is reflected in diluted earnings per share by application of the treasury stock method, excluding deemed repurchases assuming proceeds from unrecognized

compensation as required by GAAP. Shares and grants issued in conjunction with the IPO were assumed to be issued at the beginning of the period.
